Just received confirmation from the resident at [Redacted] Ex. 6 Personal Privacy (PP), that the AM hours of Monday, 3/28 or Tuesday, 3/29 work best. Please advise which day we can provide maintenance and I will make them aware as well as Chris Wagner to provide funding. Thank you!

Hello, thank you! I spoke with Chris Wagner and she informed me that she will handle the other property owners that require sampling and maintenance.

Please just confirm that the last week of the month still works for maintenance at [Ex. 6 Personal Privacy (PP)] and if so, I will confirm with the resident.

Thank you!

[Nonresponsive based on revised scope] hope all is well. I will be helping out with this site as Meg Broughton is no longer with our Region. She transferred to the Denver Office in November 2021.

I have a heads up from the resident at [Ex. 6 Personal Privacy (PP)]

[Ex. 6 Personal Privacy (PP)] that they are ready to schedule a date for their system maintenance. Can you give me a sense of when you might be able to perform this maintenance so I can work with the resident on an agreed-upon date?

I am confirming with Chris that she would like my support to set up appointments with the other four property owners as well.

Thanks so much for your help and please let me know if you have any questions.

Talk to you soon!

-Gina
